Terms and Conditions for Forms, Checklists, and Procedures

Forms, checklists, and procedures at HospitalityLawyer.com are provided as informational, educational, and illustrative purposes only. HospitalityLawyer.com does not render legal advice. You should always consult legal professionals for your specific needs, questions, and services. If you choose to use a form, checklist, or procedure, you do so at your own risk. HospitalityLawyer.com does not make any representations that the forms, checklists, or procedures are suitable for a particular use and the user should always independently assure themselves of the accuracy and legal compliance for their particular jurisdiction.

Flood Checklist

Mark with a Y or N to indicate if the requirements are met or not.

- Develop and know your emergency action plan.
- Know evacuation routes and the location of disaster shelters.
- Identify the best local radio or TV stations to provide emergency information.
- Make sure that the gas, water, and electricity supplies are cut off.
- Choosing whether to stay or leave will depend on warnings from authorities.
- Have a plan to protect your inventory by raising the height of stored items. Make sure that all shelving is secured to the wall to avoid damage to the shelving from rising water.
- Store plenty of potable water on site in containers that are out of the flood waters.
- Have emergency supplies such as: flashlights with extra batteries, a list of critical phone numbers, emergency food rations, clothing, rain gear and boots, gloves and disinfectant materials, and proper first aid supplies.
- Know if you are in a flash flood area as these do not provide any time to prepare.
- Do not walk or drive through flooded areas as this can be very dangerous. Alert emergency services to your location and current situation.
